

{ encounters of the nice kind }

close

“My parents got to know her parents first. Everyone says he is a good man who’s always helping neighbours. When we finally got together, all our neighbours were supportive. Two busloads of them came to our wedding. We’ve also taught our son to be friendly to strangers. When we need help, we just have to ask.”

They were neighbours in Sengkang for a few years, and then one day, they just fell in love.
